PROFILE

Greetings! I'm Kritik Sah, a front-end developer with 3+ years experience. My journey includes frontend leadership at a web3 firm, contributions to a marketing agency and online pharmacy e-com projects, and a strong passion for user-centric UI and open-source.

EXPERIENCE

FRONTEND DEVELOPER (REACT, NEXTJS, WEB3)

Omega Athena Technology Private Ltd / DAOstruct

Mar 2023 - Present

- I enhanced my React and Next.js skills while spearheading the front-end development for an early-stage startup's MVP, concurrently improving on-page SEO, delving into the Web3 ecosystem, attending relevant events, and honing project management abilities as a founding front-end developer.

SDE I - FRONTEND (REACTJS, REDUX)

Intellihealth Solutions Pvt. Ltd. / Truemeds

Nov 2022 - Mar 2023

- I worked with Truemeds, a digital pharmacy and consultancy startup, on various admin and management portals, enhancing my React.js skills in the process.

JR. FRONTEND DEVELOPER

Tonic WorldWide pvt. Ltd.

Aug 2021 - Oct 2022

- In my first IT job as a self-taught developer, I gained confidence and knowledge, working on numerous web projects, creating over 100+ mailers in six months, improving various skills including blogging, phpMyAdmin, Photoshop, and cleaning PHP and MySQL backend code (though I'm still learning in this area), with a primary focus on frontend technologies like HTML, CSS, Bootstrap, jQuery, and JavaScript.
